Message from the Organizers

Sponsorship for the congress of the

“European Society for Surgical Research 2020”

“Turning ideas into reality. Be part of the translation!”

It is our great pleasure and honor to announce the 55th Congress of the European Society for Surgical Research and the 44th Congress of the Austrian Society for Surgical Research which will take place as a Joint Meeting from May 13th to 15th 2020, in Innsbruck, Austria.

As per tradition we will welcome participants from all over the world and we are looking forward to receiving representatives of our sister societies from Japan, South Africa, United Kingdom and United States of America.

The congress will take place over two full days at the award-winning convention center Congress Innsbruck which is centrally located and within walking distance to the city centre. A key part will be played by the **pre-meeting workshops** where participants will learn cutting edge research methods aiming at valorizing their surgical research portfolio.

ESSR 2020 will provide a rich and exiting program with several keynote lectures, free paper and video sessions embracing various surgical specialties. A special focus will be reserved for **transplantation and oncological surgery as well as cardiovascular research, cardiothoracic, trauma and reconstructive surgery**.

The common denominator will be **INNOVATION** and **TRANSLATION**.

The European and the Austrian Society for Surgical Research are proud to award the best abstracts with prestigious prizes like the Walter Brendel Award, the Best Clinical Research Award and the B.Braun Award which will allow the winners to attend and present their work at the meetings of the sister societies. The assignment of other prizes like the Best Young Investigator Award and the Award for Technical Innovation further strengthens both, the innovational as well as the educational focus of this meeting.

Leading professionals, junior attendees and companies in the field will have the opportunity to share their experience and knowledge in a friendly, informal atmosphere. Surrounded by amazing mountains, close to the scenic river Inn, the venue will be a perfect background to set up and strengthen international networks.

A successful conference relies on the valued support provided by sponsors. These contributions make meetings like this the cornerstone for continuing education and knowledge networking.

If you are interested in supporting this meeting, please contact the Conference Manager at linda.partl@tirol-kliniken.at to discuss the available Sponsorship Opportunities. A range of

opportunities has been developed to maximize benefits to the sponsoring company, the congress and delegates alike.

Together with our sister societies as well as through the cooperation with the societies of the surgical specialties present in the program, we plan to advertise the meeting on different national and international meetings, emphasizing its interdisciplinary and international character.

Please find attached the preliminary program of the congress as well as the various sponsoring opportunities available which can also be customized to your requirements.

Please do not hesitate to get back to us, if you have any questions!

We would be very grateful if your company could support this event, and we are looking forward to a positive feedback.

Yours sincerely

A handwritten signature in black ink, appearing to read 'M. Maglione', written over the typed name below.
